# Basketball: Cardinal Gymnasium

Hermleigh ISD constructed the new Cardinal Gymnasium in the summer of 2011. The facility has individual seating inside for over 400 spectators. Fans are also able to enjoy the action by watching through our large windows on the west end of the court at table seating. A concession stand will be provided with fans being allowed to bring food and drinks into the gymnasium to watch games while dining.

A four-sided, suspended scoreboard high above center-court and additional scoreboards on each end of the floor allow players, coaches, and fans to easily keep track of game information. The spacious home locker rooms and smaller visitor locker rooms provide padded seating, while a fully stocked training room with a taping table is available.

Pricing for usage of the basketball facility is \$300 for a single game, which includes facility use and gameday staff. Responsibility for securing game officials rests with the two opposing schools.
